

A Strengths-Based Approach to Rapid School Improvement

WestEd is partnering with schools across the nation to provide the Four Domains for Rapid School Improvement CALL Survey and Feedback System.

Join schools in your state and district to prioritize your school's strengths to lead and manage rapid improvement efforts.

COST: \$3,600/school

Multi-school discounts and customized in-person and virtual training options are available.

Why use CALL?

- Solicit data from staff members on their experiences around effective school improvement practices.
- Gather baseline data on priority school improvement practices that may be progress monitored within the system throughout the year.
- Access the strategies and suggestions and reflection questions within the system that can inform planning and implementation efforts to
